KAYAK

Kayak is an open class but must meet the following specification:

Length: Minimum of 16' / Maximum of 20'

Width: Minimum of 18" at 4" water line

- Unless the watercraft is a "sit-on-top", all watercraft must have a spray deck with them at all times during the event.
- Skegs or rudders are permitted.
- Pro-class or modified boats that are specifically designed for flat-water racing are not permitted.
- It is the team's responsibility to ensure that the kayak being used meets specifications.

STAND UP PADDLE BOARDS (SUP)

SUP is an open class but must meet the following specifications:

Length: Minimum of 11'6" / No maximum

Width: No minimum / No maximum

- All watercraft must have the demonstrated capacity to carry all mandatory equipment in a secure manner.
- Skegs or rudders may be used on the bottom or stern
- It is the team's responsibility to ensure the SUP being used meets specifications.

PADDLES

All Canoes and SUPs must be paddled with single-blade paddles.

All styles of paddles are permitted included bent-shaft paddles (canoe/SUP) and wing-style paddles (kayak).

Carbon, wood, or plastic paddles are permitted.
