

2024 ALGONQUIN OUTFITTERS MUSKOKA RIVER X - START LIST

Team #	Team Name	Last Name	First Name	City	Province	Category	Profile
1	Hands Solo	Smith	Scott	Wakefield	QC	C1 Male	I'm Scott Smith, aka Hands Solo. I'm originally a Muskoka kid (grew up in Gravenhurst) and used to paddle with my Dad in the late 1970s, early 80s in an annual 'friendly' canoe race down the North Muskoka. Thirty years later, after moving to the National Capital Region for work, I finally got the chance to race the Muskoka watershed again in the inaugural MRX. Raced that one 'tripper' style in a giant overloaded prospector and failed to finish. But like many folks, I keep coming back because Mike and Rob keep me challenged and safe, my fellow paddlers keep me inspired, and the lakes, rivers, and portages keep me humbled and awed.
2	The Water Shoveller	Kerrigan	Brett	Ottawa	ON	C1 Male	I'm paddling my first solo MRX, after having finished as part of C2 teams in 2017 and 2021. My goal is simply to finish before the cutoff, but bonus points if I can keep up with some other teams and enjoy the journey with company. If anybody is in the Ottawa area and looking for a training partner please feel free to reach out!

6	Oh Chute	Keefe	Katie	Ajax	ON	K1 Fast Female	I am Katie Keefe. I have raced the MRX twice as a C2 team with my husband. MRX - 1, Wet Bandits - 1. I've witnessed this awesome event twice more as a spectator. As a child I watched my mom challenge herself in tough races and having my young daughter cheering me on is full circle inspiration. Last year I noticed how empty the women's K1 trophy paddle was and had a wild thought that I might try it out. Oh Chute, here I am.
8	Kee Kee	Morgan	Brad	St. Catharines	ON	K1 Touring Male	
9	MustokaPaddler	Quinton	Trevor	Huntsville	ON	SUP (Hard Board) Male	I'm Trevor Quinton I got into paddling in 2015 I got started in a kayak and the next year entered my first MRX the 80km sprint. I have raced in every River X race put on since 2016. In 2020 I switched from Kayak to SUP and this will be my 4th River X race on SUP. The challenge and comradery of the race keeps me coming back every year.

31	Late, Lost and Loopy	Coupal	Sophie	Cantley	QC	C2 STOCK Mixed	Team Late, Lost and Loopy is Mike De Abreu (ON) and Sophie Coupal (QC). Both have raced the MRX multiple times in the C2 and C1 classes. Mike and Sophie started racing together 4 years ago. Although Mike has never missed a start since his 1st MRX in 2014, there have been some close calls. Sophie has lost sunglasses in every river she's paddled and is known to be directionally challenged. Chaos and disaster are never far when they are around, but so are laughter and tremendous fun.

35	The Untrimables	Scrivener	Greg	Meadow Lake	SK	C2 STOCK Mixed	We (Greg and Melissa) are amateur adventure paddlers from Northern Saskatchewan. We like all kinds of canoe trips and racing and love participating in the MRX. The last time on this particular course we spent considerable time huddled under a canoe with lightning all around, soaking wet and freezing cold. The hope is that this time we move a little faster and don't get lost, so there is less time in the canoe together.

Thina and I both strated marathon canoeing in 2021. She will be completing her third Triple Crown series this year and Carlos will be aiming to complete his first this year. Thina is a passionate Trail Runner having completed 3 QMT 110km races. Carlos was a 10 year veteran on the Canadian Dragon Boat team before turning to long distance canoeing. We will be aiming to complete our first Muskoka River X challenge while "enjoying" each others company for how ever long it takes us to complete the race!

40	Check Mates	Keefe	Joshua	Ajax	ON	TRIPPER	We are Josh and Wayne of Team Chess mates. My father has watched me fall short of finishing the solo MRX twice now and thought I could use a demonstration of technical ability. I will use this time with him to impart my fishing knowledge so that one day he may conquer his own demons and finally catch one. The MRX finish line has been as elusive to me as fish are to him, we aim to rectify both.

We are some outdoor enthusiasts who don't mind wet feet and a few portages.

We completed the "Classic" race last year and are excited about the new "Tripper" class this year and how, I believe it will open up the MRX to more "Trippers" in the future. I am into my 8th year of racing, Kyle, his 2nd. We are hoping that our extensive tripping experience, coupled with our growing racing experience, will result in a finish this year. Keith and Kyle.

52	On The Mend	Liddle	Brenda	Huntsville	ON	TRIPPER	In November 2023, Yvette fell from a second story ladder, and Brenda broke her arm on an icy Ha Ling hike in Canmore. How to recover from these events? Why not train for a 90+ km paddle across Algonquin park in a day? What a great idea @muskokariverx !👍Fast friends since summer shenanigans in France at age 16, they'd never paddled together before last summer, despite Yvette's extensive tripping experience. Will @TeamOnTheMend make Bern Scrivener proud by making the Tea Lake check point cutoff time? Only the Galeairy morning fog and Smoke Lake whitecaps hold the answer. Crossing fingers 🍀 on wooden paddles in our Prospector 🍀 we will enjoy tea in a tent 🍵 at Oxtongue @algonquinoutfitters #GoMRXTrippers

We're Bill McGowan and Conor Abrahams, AKA Team Beaver Fever. We're former canoe trip guides that used to lead multi-week canoe trips together. We know that canoe tripping is 10% paddling and 90% cooking, but it's always nice to get to your campsite early. For our 7th MRX challenge we're returning to our roots and racing Tripper Class: wooden paddles, prospector canoes, and carrying a wannigan with us to the finish line. See you on the river!
